### **DETAILED ACTION**

1. Applicant's election of claims 6-16 in the reply filed on 12/03/04 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

### **EXAMINER'S AMENDMENT**

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

3. This application is in condition for allowance except for the presence of claims 1-5 non-elected without traverse. Accordingly, claims 1-5 have been cancelled.

### ***Reasons for Allowance***

4. Claims 6-16 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art of record fails to disclose the combination of a method of manufacturing an SRAM cell recited in the base claim 6. Specifically, the combination of the process comprising the steps of depositing an interlayer insulating film on substrate

to cover the gate; etching the interlayer insulating film to form contact holes which expose the gate and the substrate, respectively; sequentially depositing an etching barrier film and an insulating oxide film on the interlayer insulating film including the contact plugs; etching the insulating oxide film and the etching barrier film to form trenches of predetermined shapes which expose respective contact plugs; filling each of the trenches with metal film to form metal interconnection lines; depositing a dielectric film on the insulating oxide film including the metal interconnection lines; etching the dielectric film to expose at least one specified metal interconnection line; and forming a metal plate so that the metal plate is in contact with the metal interconnection line exposed out of the dielectric film.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
